

Date: 29 May 2007

Report: FINAL BEST VALUE ACTION PLAN 2007/08

Purpose of the report

1. For Members to note formally the final list of detailed actions that the Authority will undertake during 2007/08, and which will form the basis for quarterly monitoring of progress by the Audit & Review Committee.

Strategic Planning Framework

2. The information and recommendation(s) contained in this report are consistent with the Authority's statutory purposes and its approved strategic planning framework:
 - **Best Value Performance Plan objectives**
Plan and manage all aspects of the Authority's business so as to make the most consistent and effective use of our resources.

Background

3. The annual Best Value Performance Plan (BVPP) includes the actions that the Authority plans to take in the coming year to achieve its objectives. These are developed from the Authority's priorities (agreed in November last year) and the final budget (approved in January).
4. Members considered a draft Action Plan at the March Authority meeting. At that meeting, it was agreed that a further report should be brought back to this meeting to allow for minor amendments to reflect the fact that:
 - a) there were still some actions from 06/07 that might have to be carried over;
 - b) there were one or two areas of the Authority's work where the detailed work programme was still being finalised.

The 2007/08 Best Value Action Plan

5. The final Action Plan (**attached as an annex**) includes these minor amendments. It also includes a small number of additional actions for which funding approval was given by the Finance and Resources Committee on 9 May.

6. The Action Plan follows the format used in the Best Value Performance Plan itself. Thus, it is broken up into the seven 'functional headings' agreed with Defra. For each of these, the Plan shows the relevant 'Aim' from the new National Park Management Plan (in italics). Below this, the actions are then grouped according to the Authority's specific best value objectives (shown in white text on a black background), which were agreed at the Authority meeting in January. A number of these objectives are taken directly from the new National Park Management Plan and these are marked with the relevant cross-reference (shown in brackets).

Conclusion

7. The Action Plan for 2007/08 sets out the key actions that will be taken to achieve the Authority's objectives, taking account of the Authority's agreed priorities and budget.

RECOMMENDATION

8. That Members formally approve the Authority's Best Value Action Plan for 2007/08, as the basis for quarterly monitoring by the Audit and Review Committee.

Gary Smith
Head of Conservation and Policy

10 May 2007

1. CONSERVATION OF THE NATURAL ENVIRONMENT

National Park Management Plan Aims:

The characteristic habitats and species of the Yorkshire Dales National Park will be conserved and enhanced for this and future generations. Its nationally and internationally important biodiversity will help to support sustainable communities and the local economy.

The beauty, distinctive character and 'sense of place' of the Yorkshire Dales National Park will be maintained and strengthened through the ongoing interaction between nature and the people who live and work there.

Work with our partners to ensure that we have up-to-date (i.e. less than 10 years old) information on the condition and extent of all the important habitats and species in the National Park, and make that information widely available:

- **develop and implement a system for monitoring the Local Biodiversity Action Plan and reporting progress on it by 2007, and produce a map that shows the distribution and status of all Local Biodiversity Action Plan priority habitats and species (excluding rare and vulnerable species) and make it widely available through the National Biodiversity Network by 2008. (NC7)**
- **respond to 90% of nature conservation consultations within the agreed period by 2008**
- **assess the condition of all ancient woodland in the Park by 2010. (NC6)**

		Action 2007/08	When
TT	1	Carry out 'major project' review to identify lessons learned from the Park-wide habitat survey	Feb
TT	2	Continue implementation of Species Action Plans (SAPs) including: <ul style="list-style-type: none"> a) implement new procedures for bat protection during development b) deliver the 'Aren't Birds Brilliant' peregrine viewing scheme at Malham Cove in partnership with the RSPB c) reassess yellow wagtail populations d) monitor English Sandwort populations e) carry out/coordinate surveys of Northern Brown Argus, Small Pearl-bordered Fritillary, Green Hairstreak, and Common Blue butterflies f) support implementation of two projects to conserve native crayfish (Long Preston Beck and Threshfield Quarry) g) continue work on red squirrel distribution with partner organisations, including development of a guided trail h) work with Leeds University to continue year one of a research project to determine the relationship between breeding wader populations and productivity and habitat quality 	Apr Aug Aug Sep Oct Dec Mar Mar
TT	3	Work with the Yorkshire Dales Biodiversity Forum and other partners to improve biodiversity monitoring and action: <ul style="list-style-type: none"> a) publish 2006/07 LBAP Annual Report b) publish final report on the state of biodiversity in the National Park c) produce one 'Habitat Information' booklet d) create a digital biodiversity map of the Dales 	May Dec Jan Mar

		e) develop the website to include sections on 'Special Sites' and 'Best Places to see' f) publish 2007/08 LBAP Annual Report g) complete transfer of habitat & species survey data onto digital systems (including Habitat Map) and make this available through the National Biodiversity Network and the Biodiversity Action Reporting System	Mar Mar Mar
--	--	--	-------------------

Work with our partners to support good conservation management by farmers, landowners and local communities:

- encourage and support widespread take-up of Environmental Stewardship and other agri-environment schemes so that 80% of the Park is covered by agreements by 2010. (L2)
- create 450 ha of upland ash woodland by 2010. (NC4d)
- identify and put in place a range of initiatives that would enable visitors and local people to get actively involved in the implementation of the Local Biodiversity Action Plan by 2010. (NC8)
- ensure that 70% of the area covered by Local Biodiversity Action Plan priority habitats is in favourable condition by 2010 (NC3)
- ensure that the populations of all Local Biodiversity Action Plan species are stable or increasing by 2010 (NC5)
- increase the area of Local Biodiversity Action Plan priority habitats by 7% by 2011, including restoring 1,700 hectares of hay meadow. (NC4a)
- develop a network of Regionally Important Geological and Geomorphological Sites by 2009. (L6)

		Action 2007/08	When
LW	4	Complete the extension year of the Limestone Country Project: a) host a workshop to assist development of Limestone Country Beef Ltd; b) transfer remaining farm agreements to Environmental Stewardship; c) carry out a programme of local, regional, national & international promotion of the project's lessons; d) carry out cattle movement and grazing impact research; e) complete final project reports for European Commission.	May Dec Dec Mar Mar
AS	5	Work with Natural England to advise and assist with new Environmental Stewardship (higher level scheme) agreements: a) bring 500 ha of land into good conservation management; b) compile 10 Farm Environment Plans to assist farmers to enter Higher Level Stewardship; c) carry out 'care and maintenance' visits for 20 farms in agri-environment agreements.	Mar Mar Mar
AS	6	Support good conservation management of key Local Biodiversity Action Plan habitats: a) develop and submit funding bid for a multi-objective scheme to restore degraded areas of blanket bog b) fund and assist Year 2 of the Yorkshire Dales Millennium Trust's 'Hay Time' project to enhance or restore 70 ha of hay meadow	Jan Mar
TT	7	Complete year two of research work with University College, Chester to classify limestone pavement in order to develop more specific management objectives	Mar
GG	8	Increase the area of native woodland: a) work with YDMT and the Forestry Commission to identify and secure funding for new native woodland planting and management for 2009 and 2010	Jan

		b) assist YDMT with the second year of 'Countdown 2010' project by advising and co-funding the planting of at least 80 ha of new native woodland	Feb
GG	9	Review and re-negotiate five Woodland Management Agreements	Sep
GG	10	Support economic opportunities based on the sustainable use of woodlands within the National Park: a) support development of timber processing and training activities at Gayle Mill b) continue to support Yorwoods' work to develop economic woodland initiatives in North Yorkshire c) support development of at least three proposals for community biomass schemes	Jul Mar Mar
GG	11	Adopt and publish the revised Dales Woodland Strategy	Jun
TT	12	Develop project proposals for site-based "hands on" community and visitor involvement in biodiversity conservation across the National Park (including Local Nature Reserves)	Dec
TT	13	Work with North Yorkshire County Council and North York Moors NP to develop a programme for the conservation of species-rich road verges	Dec

2. CONSERVATION OF THE CULTURAL HERITAGE

National Park Management Plan Aim:

The historic and cultural environment of the Yorkshire Dales National Park will be recognised, understood, appreciated and used, contributing directly to our understanding of ourselves, our sense of identity and pride of place. This rich inheritance will be conserved and enhanced for future generations, including through well-designed and appropriately-sited additions to the built environment.

Work with our partners to ensure that we have up-to-date information on the condition of all the designated historic features within the National Park, and make that information widely available:

- carry out surveys of historic buildings, landscapes and monuments and ensure that information on the condition of those that are designated is never more than 5 years old. (HE3)
- develop a research strategy for the historic environment of the Yorkshire Dales by 2009, and use it to target and encourage programmes of survey and research. (HE1)
- by 2012 develop and update the Historic Environment Record for the Yorkshire Dales to incorporate the results of all publicly-funded research projects, and to make the information widely available electronically, and the paper records easily accessible. (HE2)

		Action 2007/08	When
MS	14	Develop the Authority's Conservation Area programme: a) adopt a Conservation Area Strategy, including targets for Character Appraisals and Management Plans b) update 4 Character Appraisals	Sep Mar
MS	15	Survey one fifth of the Listed Buildings in the Park to identify those 'at risk'	Mar
RW	16	Extend the Monuments at Risk survey to include a further 200 non-scheduled monuments	Mar
RW	17	Carry out archaeological field survey over 1,000 ha and incorporate results into the Historic Environment Record	Mar
RW	18	Support research to increase understanding of aspects of the historic environment: a) prehistoric use of caves b) early land use in Wharfedale c) development of limestone pavement d) preliminary work on the development of a research strategy for the historic environment in the Yorkshire dales	Mar Mar Mar Mar
MS RW RW	19	Increase accessibility of historic environment information: a) make maps of conservation areas and their appraisals available electronically; b) produce new thematic pages for 'Out of Oblivion' website c) create/update 1,000 entries on the Historic Environment Record	Aug Nov Mar
RW MS	20	Carry out a series of events to promote awareness and understanding of the historic environment: a) run a historic environment day school b) run a historic buildings day school	Apr Mar
MS	21	Analyse and publish the results of a sample survey of the condition of field barns	Jul

Conserve and enhance the distinctive historic landscape of the Park, including:

- advise and assist in the restoration of 60 traditional field barns, and take action to save 20 'at risk' listed buildings by 2010. (HE4)
- prepare management prescriptions for 40 Scheduled Ancient Monuments and bring at least 10 into appropriate management by March 2008 (HE5)
- work with communities to produce management plans for 12 existing Conservation Areas by 2010 (HE9)
- develop and secure funding for a programme of enhancement works in conservation areas by 2009. (HE9)

		Action 2007/08	When
MS	22	Work with Natural England to provide advice on the restoration of 10 traditional field barns	Nov
MS	23	Reduce the number of listed buildings/features 'at risk': a) prepare surveys, drawings etc for restoration of five listed buildings b) identify four further listed buildings that could be rescued with YDNPA support c) work with owners to implement works necessary to bring five listed buildings off the 'At Risk' register	May Oct Mar
RW	24	Develop and implement a programme of practical conservation work on scheduled monuments, identified as being 'at risk': a) prepare management prescriptions for 15 scheduled monuments b) bring at least 5 scheduled monuments into appropriate management, including Norton Tower; Chapel House Wood, Grass Wood	Mar Mar
RW	25	Carry out a series of events to promote awareness and understanding of geodiversity; including a 'Geodiversity Day' to launch 'Your Dales Rocks'	May
MS	26	Conserve and enhance Conservation Areas: a) produce management plans for two Conservation Areas b) work with one community to identify and implement a programme of enhancement works to a Conservation Area	Jan Mar

3. RECREATION MANAGEMENT

National Park Management Plan Aim:

There will be opportunities for access and recreation in the National Park for people of all ages and abilities and from every sector of society to enjoy the special qualities of the Yorkshire Dales and derive a sense of well being from their experiences.

Manage and improve the network of public rights of way so that by 2009/10

- 90% are 'easy to use' and 98% are signposted where they leave a road (AR1)
- 91% of public rights of way infrastructure (stiles/gates etc) is maintained in 'condition 1'
- less than 1.1% of the network requires major works due to concerns over surface condition;
- 72% of engineered routes are maintained in 'condition 1';
- 88% of bridges and river crossings are maintained in 'condition 1'

		Action 2007/08	When
AH	27	Implement a programme of works to maintain current levels of condition and to improve further the rights of way network levels: a) remove 20 obstructions b) erect 16 new roadside signs c) enhance 272 items of infrastructure (stiles, gates) from 'condition 2 or 3' to 'condition 1' d) repair surface of 2km of rights of way e) improve 2km of engineered surfaced path from 'condition 2 or 3' to 'condition 1' f) improve 16 bridges from 'condition 2 or 3' to 'condition 1' g) conduct 6 structural bridge surveys	Mar Mar Mar Mar Mar Mar

Ensure that the National Park is accessible and provides a diverse range of recreational experiences for the public based on the special qualities of the area including:

- develop 'Rights of Way Improvement Plans' for Cumbria and North Yorkshire by 2007, and involve local communities and their representatives, the Yorkshire Dales Local Access Forum, landowners/managers and users in their development and implementation. (AR4)
- identify the most appropriate measures to manage the use of motorised recreational vehicles on each sensitive 'Green Lane', and put in place management plans for 75% of sensitive routes by 2008. (AR2)
- ensure that no more than 5% of open access land is subject to long-term restrictions
- continue to review and update the Definitive Map, and produce digital versions of the three 'Definitive Maps' of rights of way covering the Yorkshire Dales by 2011
- work with Natural England to complete and open the Pennine Bridleway through the Dales by 2009, and identify opportunities to develop additional recreational routes to and from it. (AR10)
- assist in implementing the Dales elements of the sub-regional cycle tourism strategy
- increase the accessibility of the Park to users of all abilities so that by 2010 at least 10 km (0.5%) of rights of way are fully accessible by wheelchair users and 105 km (5%) by those with limited mobility, and improve opportunities for those with sensory disabilities (AR7)
- by 2011 undertake 5 promotional campaigns aimed at specific recreational activities to raise awareness of the National Park Authority's recreation charter and codes of conduct (AR5)
- contribute to local and regional partnerships developing appropriate recreational events, including supporting Craven District Council to host a week long cycle festival based on Settle in 2007 and prepare for the 2008 world championship fell race.

		Action 2007/08	When
AH	28	Work with the county councils to draw up the list of rights of way improvements to be taken forward through the Rights of Way Improvements Action Plan.	Oct
KB	29	Produce annual report outlining progress in achieving outcomes identified in the Integrated Access Strategy	Mar
KB	30	Continue to monitor recreational use: a) produce an annual report monitoring access and recreation within the Yorkshire Dales b) monitor the condition and use of 20 green lanes c) finish the baseline perception survey for the Pennine Bridleway and produce a report of the findings	Mar Mar Mar
KB	31	Develop recreational opportunities: a) in association with the local community, produce and promote specific guidance for Three Peaks sponsored walks and events b) work with Craven District Council to host a week long cycle festival based around Settle c) work with Primary Care Trusts to develop a 'Cycle for Health' project d) seek the YDAF's advice on how the recreational charter should be publicised, and how participation in recreational activities can be increased	Jun Jul Jul Mar

		e) through the Go Dales Project, contribute to increasing numbers participating in outdoor activities through the Active Craven and Active Richmondshire recreation partnerships and Natural England's Outdoor Recreation Strategy f) support production of a detailed feasibility study for developing a multi-user, off-road recreational route between Ilkley and Bolton Abbey Village	Mar Jul
AH	32	Continue to implement and enhance access opportunities through the CRoW Act Part 1 (open access): a) repeat the open access perception survey b) deliver a programme of 8 introductory walks to open access c) produce a newsletter for all land managers about recreation and 'open access' issues d) produce a comprehensive Open Access Management and Development Plan e) continue to enhance Open Access opportunities by providing of 15 new crossing points f) produce a final report following three years monitoring of use of open access land	Sep Oct Oct Dec Mar Mar
KB	33	Support three meetings of the YDAF and help them to implement their annual action plan	Mar
GE	34	Continue a programme of works to the Pennine Bridleway as follows: a) provide highway signage at Stainforth, Austwick, Feizor, Selside, Newby Head, Coal Road, Garsdale b) Stainforth Alternative Route c) Selside Alternative Route (part) d) produce design plans and get permissions for Far Moor Bridge at Selside e) Ling Gill Bridge to Cold Keld Gate via Cam f) Grisedale Alternative Route (part) g) seal legal Creation Order for Garsdale	Sep Sep Sep Jan Mar Mar Mar
GE	35	Produce a five year maintenance plan for open sections of the Pennine Bridleway route and maintain engineered sections of the Pennine Bridleway in condition 1	Mar
KB	36	Increase the accessibility of the Park to all users: a) produce a costed and prioritised work programme for meeting the accessibility objective b) survey visitors and residents' views to determine future priorities for 'access for all' project	Jun Sep
KB	37	Manage the use of sensitive routes by recreational vehicles: a) establish a process for using new powers to make TRO b) following consultation with the Green Lanes Advisory Working Group produce management plans for 20 sensitive routes c) publish a leaflet to inform users about the new legislation and their responsibilities	July Mar Mar
JA	38	Finalise the highways delegation agreements with the county councils	Nov
JD	39	Keep the definitive map under continuous review: a) digitise the working copy Definitive Map for the Cumbria part of the Park b) open 20 new Definitive Map Modification and Public Path Order cases c) take 20 cases to Order-making decision	Mar Mar Mar

Through sustainable travel partnerships increase the integration and use of sustainable transport modes for leisure and everyday life within and to the Park. (AR6)

		Action 2007/08	When
AR	40	Contribute to the Yorkshire Dales Sustainable Travel partnership: a) provide the secretariat for the partnership b) working with partners, including the newly established Dales and Bowland Community Interest Company, to seek funding to support sustainable travel to and within the Yorkshire Dales and to support promotional activities which encourage sustainable travel	Mar Mar
AR	41	Contribute to traffic management: a) respond within target time to statutory and non-statutory transport and traffic management consultations and requests for specialist advice. b) reach agreement with County Councils on date for producing a highways signage guide	Mar Mar
AR	42	Amalgamate the county councils' hierarchies to produce a new joint advisory road hierarchy for the National Park area.	Mar

Provide people from all backgrounds with the opportunity to make a difference to the long-term conservation, enhancement and enjoyment of the National Park and to contribute to personal health and well-being by providing:

- at least 5,000 volunteer days per year by 2009. (UE7)
- three placements each year through the Dales Apprenticeship Scheme in partnership with the Yorkshire Dales Millennium Trust and Craven College (EE5)

		Action 2007/08	When
AH	43	Provide 3 apprenticeship placement opportunities with the Ranger Service and work with the Yorkshire Dales Millennium Trust to secure funding to continue and expand the Dales Apprenticeship Scheme	Mar

Optimise annual income generation from Authority car parks and toilets, and maintain customer satisfaction levels so that at least 80% of users rate them satisfactory or above.

		Action 2007/08	When
PD	44	Take action to manage car parks and toilets effectively: a) refurbish Stainforth car park and toilets b) investigate options and decide on the future of Castle Bolton, Wood Lane and Linton car parks and toilets; c) resurface parts of Grassington Car Park	Nov Nov Mar

4. PROMOTING UNDERSTANDING

National Park Management Plan aim:

There will be a greater awareness of the National Park and of the opportunities it offers to everyone to appreciate, enjoy and learn from its special qualities. People's enjoyment will encourage them to find out more, play a part in the Park's conservation, and help forge ties between urban and rural communities.

		Action 2007/08	When
<p>Provide accessible, high quality communications and services that positively influence people's enjoyment and understanding of the special qualities of the Yorkshire Dales National Park so that:</p> <ul style="list-style-type: none"> 85% of users are satisfied with the Authority's 'Promoting Understanding' services by 2007; the four National Park Centres have an average effectiveness rating of 90% by 2008; at least 50% of visitors and 70% of residents have an understanding of National Park purposes and/or the special qualities of the Yorkshire Dales by 2010 (UE1) 			
JB	45	<p>Improve the effectiveness of National Park Centres:</p> <ul style="list-style-type: none"> a) produce action plan to identify additional opportunities to promote environmental issues via NPCs b) agree new arrangements for the 'Partnership Centre' at Hudson House c) create new legal agreement for Aysgarth NPC cafe d) carry out full redevelopment 	<p>Jul Sep Dec Mar</p>
JB	46	<p>Carry out annual evaluation of the effectiveness of:</p> <ul style="list-style-type: none"> a) NPCs and 'Partnership' Centres b) Park Information Point network 	<p>Jan Jan</p>
KT	47	<p>Communicate effectively with visitors and residents:</p> <ul style="list-style-type: none"> a) carry out focus-group style evaluation of effectiveness of 'Dales' with selected residents b) evaluate the e-format version of 'Dales' c) decide whether to raise revenue from 'The Visitor' newspaper d) publish and distribute 'The Visitor 2008' newspaper including piloting e-format e) publish and distribute two issues of the 'Dales' newspaper, for National Park residents 	<p>May Jul Sep Jan Mar</p>
KT	48	<p>Continue to increase effectiveness of interpretation methods at reaching a wide range of audiences and raising awareness and understanding:</p> <ul style="list-style-type: none"> a) develop and make available four new audio (mp3) trails b) produce an electronic map showing locations of all static interpretation c) attend an agreed selection of agricultural shows and village galas across the Dales using 'Geology' as a theme d) create three 'virtual village map boards' on the Authority website e) trial one new method of virtual interpretation f) implement new caches across the National Park (up to a maximum of 20 caches at any one time) 	<p>Oct Oct Oct Mar Mar Mar</p>

Raise awareness of the National Park amongst visitors and the general public so that by 2008:			
<ul style="list-style-type: none"> • at least 10% of people in England and Wales can name it as being a National Park (UE8) • 90% of visitors are aware that they are in a National Park (UE2) 			
Action 2007/08			When
KT	49	As part of Turntable project decide whether to pursue branding opportunities	Dec
KT	50	Promote National Park messages through the media: a) develop and implement a plan to promote the role of the Authority as a planning authority in a positive light b) organise at least three 'press trips' to increase understanding and raise awareness of the National Park and the opportunities it offers to new audiences	Dec Dec
KT	51	Improve effectiveness of the Authority website: a) research and implement at least one of the following on the Authority website: podcasting, RSS newsfeed b) conduct a new user evaluation of the website	May Aug

Make information about the Yorkshire Dales National Park easily accessible and relevant to a diverse range of groups and individuals, focusing on the urban areas of Yorkshire, Lancashire and Teesside that surround it, including:			
<ul style="list-style-type: none"> • increase the percentage of residents in Keighley and Bradford who are aware of the Park from 25% in 2005 to 30% by 2011. (UE3) • increase the percentage of residents in Keighley and Bradford Asian communities who are aware of the Yorkshire Dales National Park from 8% in 2005 to 13% by 2010; • increase the number of visitors from black and minority ethnic communities from 1% in 2005 to 2% in 2011 (UE3) • increase the number of education service users to over 5,000 by December 2008 • each year develop and implement one new programme of formal or informal education or training to encourage schools and groups to get involved in conserving the special qualities of the Yorkshire Dales National Park (UE5) • develop an annual programme of National Park Authority events, walks and activities based on the special qualities of the Yorkshire Dales National Park to promote understanding and deliver wider benefits such as health and spiritual well-being (UE9) 			
Action 2007/08			When
BW	52	Complete the Natural England funded 'Beyond the Boundary' diversity project: a) arrange a 'Beyond the Boundary' celebration event b) deliver a programme of cricket matches twinning Bradford teams and Dales teams c) complete the 'Beyond the Boundary' project report and deliver to Natural England	Aug Sep Sep

BW	53	Develop the effectiveness of the NPA annual events programme: a) evaluate the 2007 summer programme of events b) deliver the NPA annual events programme for 2007 c) produce the 2008 events programme and market it to targeted groups	Sep Dec Mar
BW	54	Complete year two of the Council for National Parks 'Mosaic Partnership': a) organise a 'Community Champions' group leader visit b) host the 'Mosaic Partnership' annual conference c) engage with five new community champions from under-represented groups within the National Park catchment d) organise a workshop for staff, members and Community Champions to facilitate organisational change	May Nov Mar Mar
BW	55	Deliver a programme of Dales Experience visits, promoting physical and mental health and well being, for a diverse range of community groups: a) run 2 focus group activities for young people b) work in partnership with the National Trust to deliver a programme of 10 activities for urban groups	Dec Jan
BW	56	Develop and deliver a project on the IIFA theme of 'Bollywood': a) deliver a programme of 'Bollywood' events at venues across the National Park, including an exhibition at DCM b) complete an evaluation report of the project	Jun Nov
BW	57	Increase the numbers of visiting education groups who have prior knowledge of the National Park message: a) evaluate interactive education resources on the website b) develop two new interactive education resources on the Authority website c) update / develop two resources for education groups	Jul Dec Mar
BW	58	Work in partnership with YDMT to deliver year three of 'Learning in Limestone Country' project, providing outreach activities in Lancashire, Craven and West Yorkshire	Mar
BW	59	Develop one project to encourage young people to get involved in conserving the special qualities of the National Park	Dec
BW	60	Deliver an annual programme of activities for education groups	Mar

Support high quality sustainable tourism for all, which promotes understanding and the conservation of the Yorkshire Dales National Park:

- increase the number of businesses offering 'sustainable tourism products' from 25% in 2006 to 50% by 2010 (UE10)
- increase the numbers of people who access information through National Park Centres to 670,000 by March 2008
- use publications, events and other opportunities to encourage businesses, residents and visitors to buy and source local food and products that support national park purposes (EE9)

		Action 2007/08	When
JB JB KB	61	Influence the Regional Tourism agenda via the Yorkshire Dales and Harrogate Tourism Partnership including: a) develop and implement Destination Management System (DMS) b) collate and promote the programme of events c) implement the part of the Sub Regional Cycle Strategy that relates to the Dales	Oct Nov Mar

FR	62	Improve facilities and widen audiences at Dales Countryside Museum: a) deliver Hidden History exhibition b) complete Renaissance Partnership Project to enhance the collections and displays through an oral history and community c) engagement programme d) install public access points within the Time Tunnel gallery and study room to enhance the accessibility of all catalogued items	Nov Mar Mar
FR	63	Produce three business plans for the Turntable Social Enterprise Project and decide whether to take forward each element of the project	Sep
JB	64	Through the Tourism Partnership include sustainable tourism indicators in their new business registration scheme	May
JB	65	With the Tourism Partnership assess feasibility of gaining Europarc accreditation	Jul

5. DEVELOPMENT CONTROL

Our aims

A planning service that:

Provides a development control service and consultation process, which helps to conserve and enhance the special features and qualities of the National Park by making clear and consistent planning decisions, which have proper regard to national, regional and local planning policies

Is helpful, responsive, customer-focused, widely accessible and gives the public a sound understanding of how we carry out our work

Actively and positively contributes to the achievement of our National Park purposes and the objectives set out in the National Park Management Plan for the Yorkshire Dales by working with our partners to support appropriate opportunities for economic and community development that increases the well-being of local communities

Provide a development control service and consultation process that helps to conserve and enhance the special features and qualities of the National Park, while supporting appropriate opportunities for economic and community development:

- **determine 100% of applications in line with adopted Development Plan Policies**
- **ensure that at least 60% of new homes are provided on previously developed land each year**
- **ensure that no more than 35% of appeals are allowed following refusal of a planning application**
- **provide an enforcement service that minimises environmental harm by regularising 60% of cases within 16 weeks.**
- **improve the quality of 70% of applications through officer advice and negotiation.**
- **avoid the loss of existing employment land and premises and ensure that, by 2011, at least 9 hectares of employment land have been made available for sustainable, high-quality economic development; (EE6)**
- **prevent the introduction of significant new development ‘detractors’ from the landscape (L4)**

		Action 2007/08	When
AM	66	Take action to resolve 60% of enforcement cases within 16 weeks	Mar
AM	67	Complete a Review of Standard Conditions to ensure they are up to date & fit for purpose	Jun
AM	68	Revise & re-consult on the Design Guide	Mar

Maintain the efficiency of the development control service, so that: 65% of 'minor' and 80% of 'other' planning applications are being determined within eight weeks

		Action 2007/08	When
PW	69	Improve operation of the planning committee: a) review presentation of consultation responses b) review operation and current extent of call-ins, and decide whether appropriate to set 'call-in' criteria and associated processes	Sep Oct
AM	70	Clear backlog of S106 agreements	May
TL	71	Provide support to agents, applicants and consultees to take up electronic services provided, so that: a) 10% of applications and 20% of consultation responses are received on-line; b) 20% of applications and 40% of consultation responses are received on-line	Apr Mar

Provide a helpful and responsive development control service, which meets 83% of the Office of the Deputy Prime Minister (ODPM) 'Quality of Service Checklist' criteria by March 2010, so that at least 88% of applicants are satisfied with the service provided.

		Action 2007/08	When
PW	72	Complete a survey of planning consultees and objectors to assess satisfaction with the service provided	Dec
PW	73	Complete installation of Document Management System to improve public access to digitised information	Jul

6. FORWARD PLANNING

National Park Management Plan aim:

The conservation of the special qualities of the National Park will be achieved with a local economy that provides diverse employment and maintains thriving, balanced communities. The local economy will be stronger for having its foundations in the special qualities and uniqueness of the National Park.

Ensure that there are up-to-date (i.e. less than five years old) local development plans covering the National Park, which properly reflect National Park purposes and provide a clear and consistent framework for planning decisions			
Action 2007/08			When
DP	74	Provide an up-to-date development framework:
